🏠 Alwar 📞 +91 70820-69572 ✉ vishal626chauhan@gmail.com
🌐 [LinkedIn](#) 🐙 [Github](#) 🌐 [Portfolio](#)

Profile Summary

Persevering and trailblazing developer with expertise in **Node.js**, **React.js** and **Next.js** building scalable, high performance and lucrative web applications.

Experience

UPONLY Technologies

Front End Developer Intern

October 2024 – Present

Navi Mumbai, Maharashtra

- Built dynamic and interactive user interfaces using **React.js** and **Redux**, ensuring responsiveness and seamless user experiences across devices.
- Optimized web performance by implementing best practices such as lazy loading, code splitting, and efficient DOM manipulation, improving page load speed by 25%.
- Collaborated with designers and back-end developers to integrate APIs and bring mockups to life, ensuring pixel-perfect implementations and functionality.

DigiMantra Labs

React.Js Intern

July 2023 – August 2024

Mohali, Punjab

- Developed responsive web interfaces using **React.js**, ensuring cross-browser compatibility and an enhanced user experience.
- Implemented reusable components and managed application state with **Redux** or **Context API**, ensuring maintainable and efficient code.

Projects

Real Estate CRM Application | [React.js](#), [Redux](#), [Material UI](#), [PHP](#)

November 2024

- Developed a comprehensive and end-to-end Estate application providing excellent user experience across all devices with real time property management and interactive UI experience.
- Designed interactive dashboards to present reports in visually appealing chart formats, including bar graphs and pie charts.
- Developed a built-in calling feature for seamless communication with clients directly from the CRM.
- Added property listing and search functionalities with advanced filters for quick access to property details.
- Integrated email automation to streamline follow-ups and enhance client engagement.

Evil Genius Gaming | [View](#) 🚀 | [React.js](#), [Redux-toolkit](#), [Tailwind CSS](#)

August 2023

- Created and implemented critical components of the project, significantly enhancing overall functionality and user experience through efficient and innovative coding practices.
- Integrated and configured **MongoDB** to store and manage products data dexterously.

Deli Restaurant | [GitHub](#) 🐙 | [View](#) 🚀 | [HTML](#), [CSS](#), and [JavaScript](#)

Jan 2024

- Designed and developed an elegant and responsive restaurant website using HTML, CSS, and JavaScript, ensuring optimal viewing across various devices.
- Implemented interactive features, including color and font customization, to enhance user experience and engagement.
